

## **POSTGRADUATE BURSARIES 2018/2019**

As part of The Society's remit as an educational charity we are continuing to offer an annual bursary of £3,500 in support of a postgraduate student

Applications are invited from postgraduate students on courses in photography or undertaking research in photography. Application must be written in English if applying from abroad. Applicants can apply at any stage of their studies but must demonstrate a specific outcome for their proposed project.

For this bursary photography is interpreted in its widest sense to include digital and traditional photographic media, the art and science of photography and image based written work.

The closing date for applications is 29th June 2018 for courses and projects with start dates in Autumn 2018 and January 2019. We will contact the successful applicant by the 31<sup>st</sup> July 2018.

### **Your Application**

Please give a clear breakdown on how you plan to spend the bursary, the time scale and what you plan to do with the work on completion. Although your work will be published in the RPS Journal and RPS websites we would be looking for an applicant who has a clear idea of where and how they will use their images/work to get their message/research across to as wide an audience as possible.

The case for support must include the benefit of the bursary to the applicant and details of the standing of the course or research project.

### **Applications will not be accepted via email.**

The successful applicant will be expected to deliver a 500 word report and 6 images, half way through their project. The final report needs to be 1000 words with 10 images, along with an agreement to give a talk or workshop on their project at an RPS event.
