

## **The Photographic Angle and Royal Photographic Society Environmental Awareness Bursary 2020**

**PLEASE NOTE:** DUE TO COVID 19 WE WOULD NOT EXPECT YOU TO COMPLETE YOUR BURSARY IN THE NEXT 12 MONTHS – IF YOUR PROJECT IS IN ANY WAY IMPACTED BY CURRENT CIRCUMSTANCES PLEASE ADD THIS INFO TO THE COMPLETION DATE SECTION ON THE APPLICATION FORM

The Royal Photographic Society in partnership with The Photographic Angle is offering a 1 year bursary to support a photographic project that will promote environmental awareness. In addition to the funding you will also have your portfolio printed by Metro Imaging and a portfolio review with their Creative Director Prof Steve Macleod.

Applications are invited from anyone living or studying in the United Kingdom with a talent for taking photographs and an interest in the environmental concerns that we face today.

The bursary will provide £3000 to assist with travel expenses, photographic equipment and other project-related costs.

We are looking for a creative interpretation of the subject as well as documentary or editorial photography.

The closing date will be the 8 June 2020. We will notify the successful applicant by the 17 July 2020. Unfortunately, we will not be able to provide individual feedback due to the volume of applications.

The successful applicant will be expected to deliver a 500 word report and 8 images, halfway through their project. The final report will need to be 1000 words with 10 images, along with an agreement to give a talk or workshop on their project at an RPS event.

### **Application Form**

If you wish to apply, please carefully read through the online application form and fill in each section.

Although this is a photographic bursary, it is important that you can express your objectives and outcomes in written form.

Please also give a clear financial breakdown on how you plan to spend the bursary, the time scale and what you plan to do with the work on completion.

Your work will be published in the RPS Journal and TPA and RPS websites and we will be looking for an applicant who has a clear idea of where and how they will use their images to get their messages across to as wide an audience as possible.

Please take into consideration the environmental impact your project will have and tell us how you plan to minimise this.

Applications will not be accepted via email. If you have any queries, please contact: Liz Williams RPS Education Manager
