

2024 Members Exhibition of Prints and Digital Images

Exhibition Selectors: Mike Rowe FRPS, Ann Miles FRPS, Sandie Cox ARPS

Exhibition Calendar:

Entry system will open	9th December 2023
Closing date for entries	25th February 2024
Selection Day	6th March 2024
Report cards	by 20 th March 2024
Exhibition Opening	8th April 2024
Returned unaccepted entries	Late April 2024

The very strongly preferred method of entry is via the online entry system. All Nature Group members will be sent an invitation email that will contain a link to the entry system. Any members that cannot use the online entry system can post a completed entry form along with their images, to the address shown on the form.

The Members Exhibition page of the Nature Group section of the RPS Website will contain a link to the entry system, and a copy of the entry form can also be downloaded from there.

Gold Medals will be awarded to the best print and best digital image of the exhibition. In each category a Bronze Medal, plus Selector, and Highly Commended certificates will be awarded. The **'Tony Wharton'** award will be presented to the most successful entrant in the exhibition.

The acceptance list, plus a selection of award-winning images, will be published in the Summer 2024 issue of 'The Iris'. All exhibition entries and results will be shown on the Nature Group website: <https://www.rpsnature.org.uk/>

Slide shows of all accepted images will be available to download from the Nature Group Dropbox Account.

Digital Entries

The maximum dimensions for digital files are 1600 horizontally and 1200 vertically.

Print Entries

Please read the information on print submissions before you send your entry

All accepted prints will be displayed at the Exhibition Opening. We also hope they will be displayed at Edinburgh PS and possibly other locations. The 2024 accepted prints could therefore be retained until the 2025 AGM. Unaccepted 2024 prints will be returned at or immediately after the 2024 AGM along with any accepted prints from the 2023 exhibition that have not yet been returned.

Further details of the entry conditions can be viewed in the online entry system, the Nature Group area of the RPS website, and on the manual entry form.
