ANNUAL GENERAL MEETING - 13th JULY 2026

SECRETARY REPORT

The role of Secretary these days is somewhat subdued compared to how it would have been for my predecessors.

Nowadays, it consists mainly of arranging the Committee meetings, producing the Agendas and writing up of the Minutes. Even this has been made easy. We hold our meetings on the Zoom conference platform where an audio recording can take place for me to listen and write up the Minutes later. Technology!

I would like to continue as your Secretary, should you wish to allow me, for another year at least.
